## ABOUT THE STUDENT HEALTH CENTER

CUW's Student Health Center strives to work in partnership with students to meet their health care needs while on campus. We are a convenient, efficient, confidential and affordable clinic right on campus. Staff includes nurses, nurse practitioners and physician assistants.

Appointments are needed and can be made by calling 262-243-4574. Same-day appointments are often available and we work with a student's class schedule to find a suitable time. There is no office visit charge, however, minimal charges may be billed to your CUW student account for diagnostic testing, medications and treatments. Charges are always discussed with you. We do not bill insurance except for diagnostic testing, if desired.
